# PREVENTION, TREATMENT, AND RECOVERY RESOURCES

The following is a list of mental and/or substance use resources that can help you during **National Recovery Month (Recovery Month)** and throughout the year. The organizations are listed by category to help you quickly identify the resource(s) most closely aligned with your needs. Resources cover a variety of subject areas, including culture, policy, education, recovery support groups, mental health, prevention, and more. The referenced organizations represent a broad sampling of what is available nationwide. Organizations in **pink** are **Recovery Month** Planning Partners and are heavily involved in planning activities.

Please note: This list is not exhaustive of all available resources. Inclusion does not constitute endorsement by the U.S. Department of Health and Human Services (HHS), the Substance Abuse and Mental Health Services Administration (SAMHSA), or its Center for Mental Health Services (CMHS), Center for Substance Abuse Prevention (CSAP), Center for Substance Abuse Treatment (CSAT), or Center for Behavioral Health Statistics and Quality (CBHSQ).

### **Blood Alcohol Concentration, State, and Federal Law**

This law states that it is illegal for drivers to operate motor vehicles when they have blood alcohol concentrations (BACs) at or above a specified level in the United States. The customary level in most States was .10 BAC for drivers age 21 and above until 1992, when NHTSA recommended in a report to Congress that all States lower the illegal level to .08 for all drivers 21 years of age and older. As of August 2005, all 50 States, the District of Columbia, and Puerto Rico have set .08 BAC as the maximum level for drivers.
